Primary Marking Policy

This procedure is reviewed annually to ensure compliance with current regulations

Approved/reviewed by	
Head of Primary	
Date of review	August 2023
Date of next review	August 2024

1. AIM

To ensure that all students have their work marked in such a way that it improves learning, challenges pupils, develops self-confidence, raises self-esteem and provides opportunities for self-assessment.

As a result of this policy there will be greater consistency in the way that children's work is marked in all Key Stages.

2. OBJECTIVES

- To enable written and verbal feedback to be an effective tool for promoting learning for all DBS students.
- To develop an interactive process that confirms when students are on the right track and then lets them know what needs to be done to improve and make progress.
- To prompt all students to respond to the written feedback given by the teacher.
- To enable students to reflect upon and take ownership over their own learning and progress.

3. RATIONALE

Dubai British School recognises that teachers' marking of students' work and students' assessment of their own progress and attainment are central functions in the learning process. The focus of written and verbal feedback is on helping students obtain a clear understanding of how well they have gained knowledge, concepts and skills and then explaining what needs to be done to meet the learning objectives. It is then essential that the student is positively prompted to improve their learning. The marking of children's work can have different roles and purposes at different times and can involve both written and verbal feedback.

Marking is most effective when the student knows:

- the purpose of the task
- how far they have moved towards achieving this
- how to move closer towards the goal of their learning

Marking and the implementation of this policy is the responsibility of all teachers.

4. EXPECTATIONS

Teachers are expected to ensure that:

- The marking of children's work, either written or verbal, should be regular and frequent
- The marking criteria should be displayed in each classroom and in the front of pupils' books
- Whenever appropriate/possible, teachers should provide individual verbal feedback to children
- Teachers should look for strengths before giving areas for development when marking work
- Marking should be linked to learning objectives/targets
- Teachers should look for opportunities to provide positive public feedback to children concerning work which is a high achievement for particular children; entries into the WOW book are encouraged
- Parents should have the school's marking procedures explained clearly to them
- Marking should show differentiation between groups and/or pupils
- Marking should take place in expected colours (see pens)

5. MARKING PROCEDURE

- Children's work should be corrected as soon as possible after completion, and where possible, in the presence of the child
- Marking will be in green pen and will be according to the symbols
- When marked work is returned to the children there should be verbal feedback either individually or as a class. (In the introduction of next lesson reflect on outcomes of previous lesson).

6. MONITORING AND EVALUATION

The Headteacher, Deputy and all Middle Leaders will review the quality of marking as part of their ongoing role when appraising books. Feedback will be given to teachers as appropriate.

The desired outcomes are improvements in children's learning and greater clarity amongst children and parents concerning children's achievements and progress.

The performance indicators will be:

- An improvement in children's attainment and progress
- Pupil voice
- Consistency in teacher's marking across the primary Key Stages
- Awareness on the part of the pupils of what is expected of them

Planning for marking:

Always build in time during **registration or at the beginning of the lesson** for children to read and respond to the marking.

Sharing marking:

As well as ensuring that children mark their own & other work (Peer/ Self-assessment), consider how the **Learning Assistant** can share marking within the lesson – and after school.

At DBS we aim to provide marking which is relevant, purposeful and allows the pupil an opportunity to reflect and progress. This can be seen through the following styles of marking.

2. Self-assessment

In order that pupils become better learners it is important that they sit at the heart of the assessment process. To do so, they need to have the **skills** and **language** to be able to assess their own learning. **These can be scaffolded onto slides or WALTs.**

I have rounded to the nearest multiple of 10.

Now I want to learn how to round to the nearest 100!

3. Peer-assessment

Pupils will often develop their own knowledge and understanding from evaluating and commenting on the learning of their peers. In addition, receiving focused and task appropriate comments from their peers is a powerful way of creating a culture of reflection in the class.

You can measure in mm

Challenge Now record the same length in cm!

English Marking: *Specific Guidance*

1. Diagnostic Marking

Diagnostic marking is focused on areas where children can demonstrate a quick and powerful improvement. Such marking asks children to either consolidate. **Always give a star then a target.**

Question: **Can you describe how this person is a good friend?**

Directive: **Describe something that happened which showed they were a good friend**

Unfinished sentence: **He showed me he was a good friend when...**

2. Self-assessment

In order that pupils become better learners it is important that they sit at the heart of the assessment process. To do so, they need to have the **skills** and **language** to be able to assess their own learning. **These can be scaffolded onto slides or WALTs.**

★ **I have used a question mark**

→ **I need to use an adjective**

3. Peer-assessment

Pupils will often develop their own knowledge and understanding from evaluating and commenting on the learning of their peers. In addition, receiving focused and task appropriate comments from their peers is a powerful way of creating a culture of reflection in the class.

★ **You are writing on the line**

→ **Write a sentence using 'and'.**

Sensitive Marking

DBS is an inclusive school which provides equal opportunities for all pupils. This policy supports the use of 'sensitive marking' for our SEND pupils where teacher discretion will be used to mark and feedback on pupils learning to ensure a positive and encouraging approach is maintained.

N.B – Please note that all self and peers will need to be guided and scaffolded by the teacher at the beginning and throughout the year, depending on the activity. This can be done through the use of slides

showing options for a target. For example, giving two or three choices of a target modelled on the board.
