

# LITTLE MASTERPIECES ART

LEARN THE HISTORY - RECREATE THE MASTERPIECE

## *From Great Paintings to Master Sculptures!*

Little Masterpieces views art from the angle of the Great Masters, such as Van Gogh, Matisse, Da Vinci, Picasso etc. Students learn about the history of art as well as recreating the techniques inspired by famous artists. From learning to draw in pencil, charcoal, pastel, pen & ink, to acrylic painting on canvas and creating great sculpture using plaster/wood. We cover it all in our step-by-step programme. New masterpieces each term, creating a portfolio of work to be proud of.
